STUNNING HOLDER FOR PORK type POV

Stunning holder for pork is used for pig's stunning at the slaughterhouses. The holder is delivered in length of 1600 mm in right or left design. The entering falling gate is controlled by hand. The gate's weight is compensated by counterweight. Tipping side is used for coming out of the stunned pig from the holder and is pneumatic operated. Surface finishing is hot-dip galvanizing, according to the customer's wish can be delivered in stainless steel.
